

Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust

The institution believes in imparting an all-inclusive education. The main thrust is to stimulate the students towards acquiring an assimilative learning. As an organisation Acharya Prafulla Chandra College continuously excogitates. So , together with the chiselling of the academic pursuits , the vision of the College is to develop a panoptic view of life among all the three stakeholders---students, teachers and the non - teaching staff. This finds expression in the ways the different units of the College function.

The institution is committed towards the development of the community in and around it. This finds resonance in the campaigns associated with promoting healthy lifestyle habits, awareness of the environmental -friendly practices, maintenance of cleanliness, responding proactively to hazardous medical emergencies.All these initiatives need the involvement of the students . Such involvements hone the hidden potentials of these young minds.

The NSS units of the College arrange camps outside the college with the objective of inseminating a camaraderie among the participants. Such programmes are organised with the goal of instilling an accomodating spirit among all the campers.

In celebrating the Rashtriya Ekta Diwas on October 31 every year , the College evinces its intention of doing away with all the discriminatory and prejudiced attitudes.

Educating young minds operate at different levels. The Rain Water Harvesting Unit of this College is a constant reminder of the conservation in the context of the ever-depleting natural resources.

The installation of two pairs of Sanitary Napkin Vending Machines and Incinators has been done in 2019 to cater to the emergencies of the burgeoning number of girl students. This is undoubtedly the immediate reason behind the installation. However, this initiative indirectly addresses the issue of menstrual hygiene, clear knowledge about it and its management .This may not be available to the girls, many of whom are the first generation learners and many of whom are not affluent enough . Such moves even break the taboo associated with the menstrual cycle in the minds of the oposite sex --this is also a part of the learning process.

Acharya Prafulla Chandra College constantly endeavours to inculcate in the students such values which make them grow up as complete individuals.
